

Guaranteed Benefits That Spas and Bargain-Massage Businesses DO NOT Give You.

1. Our massage therapists are highly trained and among the best. We apply more skill to resolve your pain problem.
2. We give individualized massages that are carried out with care and feel complete. No "fluff and buffs!"
3. Our massage therapists give you more care because we give them more benefits like a guaranteed salary, paid vacations, sick days, and health insurance.
4. You receive a full hour of treatment in addition to your evaluation. No 55-minute treatments!
5. Our price includes the tip.
6. You will receive price reductions for frequency, so if you need or choose to come more often you receive a price break.
7. You will receive an evaluation of the muscle and soft tissue components of your pain problem based on selected standard evaluation protocols from orthopedic medicine.
8. We will educate you about your pain problem and give you corrective exercises to prevent future recurrence of pain.
9. You will build a relationship with your massage therapist because our therapists work full-time for our clinic. You can choose a therapist and stay with that person for as long as you want.
10. We have a physician on staff and our massage therapists can consult with the doctor on difficult pain cases.
11. You will receive a treatment plan so that you know what to expect from your treatments, and so you know approximately how many treatments are required to resolve your pain problem.
12. We will communicate with your doctors or other health care providers in standard medical terminology if you so request.
13. Because we do a complete health intake we can make recommendations to you concerning other types of therapeutic and medical treatment.
14. Our head and supervising therapist holds a doctorate in movement education and is one of most skilled, experienced and knowledgeable massage therapists in the USA.
15. Our therapists receive continuing advanced education on-site and on the job.
16. Our therapists are trained to give therapeutic massage to people who present special needs such as fibromyalgia patients, pregnant women, overweight individuals and people with circulatory problems.
17. Our therapists know how to give effective and relaxing massage treatments to people who prefer not to disrobe. If you are sensitive about being seen without clothing, you can keep your clothes on and receive expert help.
18. You can come to our clinic for other health services such as neurofeedback, clinical nutrition, classical homeopathy and wellness coaching.
19. You can take a 12-dimension wellness assessment at a very affordable price and work with our wellness coaches to make the perfect wellness plan for you.
20. You can grow in self-love, self-responsibility and self-care by taking our wellness workshops.

Now it's time to compare prices between our clinic and other massage businesses. The medical and therapeutic massage services at Healing Unleashed are offered within a professional holistic medical clinic. When you consider the value of the 20 guaranteed benefits listed above, you will immediately see that no other business beats our price for medical and therapeutic massage. We are passionate about your health! We welcome your call and we are ready to make your appointment.
